

ANTILEAK 1032 Metal O Ring

Model Recommendation:

Antileak Model No.	Section View	Product picture	Construction
1032			Metal / Metal + plating(coating)

Material Recommendation:

Metal material:

Material	Temperature
SS321	<370℃
Inconel 600	<540℃
X750 合金	<590℃
For other materials please contact the engineer.	

Plating / coating material:

Material	Thickness	Temperature
PTFE	0.03-0.08	<260℃
Silver	0.03-0.05	<425℃
Silver / gold	0.03-0.05	<650℃
Nickel	0.03-0.05	<870℃
For other materials please contact the engineer.
